

## SAUNA-STYLE BATH

The Scandinavian heritage of this bathroom's owner inspired its sauna-slat detailing. The existing wallboard, painted a dark gray, makes the old walls recede behind the 1x4 cedar slats. The basic floor plan, fixture locations, and base cabinet all remain the same. A stunning live-edge maple-slab counter tops it off.

## DINING-ROOM DESK

A chest-high buffet cabinet separates the dining area from the kitchen in this house. The buffet turned out to be the perfect place to tuck an old-fashioned flip-down desktop, in the service of 21st-century technology.
